DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 102

Claims 1-5, 8-19 stand rejected under 35 U.S.C. 102(a) as being anticipated by Zheng of record for reasons of record.

Response to Arguments

Applicant's arguments filed 11/16/09 have been fully considered but they are not persuasive.

Applicants argue that the "subject application claims priority to a provisional application No. 60/450,985 filed on February 27, 2003, which is before the August 2003 publication of Zheng."

The provisional application filed on February 27, 2003 fails to disclose "a first elongated cylindrically shaped nanoelectrode comprising at least one nanotube electrically coupled with a first time-varying voltage source; and a second elongated

Art Unit: 1795

nanoelectrode electrically coupled with a second voltage source, wherein the first and second voltage sources are configured to generated a time-varying electric field between the two nanoelectrodes...”

Accordingly, the claims cannot be given the provisional priority date.

Allowable Subject Matter

Claims 20-23, 25-33, 57-65 are allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
